

PRESIDENT: Debate ceases. Senator Swigart.

SENATOR SWIGART: Mr. President, I move that 86 be advanced and I promise you that I'll work with Senator Duis to work out any flaws that may be needed repairing.

PRESIDENT: Record your vote. The amendments have been adopted. This is the moving of the bill, 86. Record.

CLERK: 27 ayes, 0 nays on motion to advance.

PRESIDENT: The bill is advanced. Mr. Speaker.

SPEAKER LUEDTKE: Mr. President, members of the Legislature. I'd like to have one comment on the consent calendar. When you feel that a bill should not be on the consent calendar as I've indicated before, please get in touch with me. It would be far better that we remove it before we start debating it. I don't care if we have only wasted 5 or 6 minutes. We ought to, in fairness to the introducer, I think we should do that. So please try to get to me with that information before we start on it. Now I'm going to move to adjourn until 9:00 in the morning. As far as I'm concerned, we're going to work all day and if we get bogged down in any way in the afternoon because the Appropriations Committee is going to meet, we can go back on the consent calendar. We have plenty of bills on it.

PRESIDENT: You've heard the motion. Do you have an announcement Senator Simon?

SENATOR SIMON: I just had a question for Senator Luedtke.

SPEAKER LUEDTKE: Yes.

SENATOR SIMON: Senator, under this particular circumstance that you refer to, I would appreciate it if it should ever happen to me if something that I signed is pulled off if you would let any of the signers know. Occasionally that happens when one of the signers will pull it off, the other two don't know. That would only facilitate matters.

SPEAKER LUEDTKE: Two out of three pulled it off.

PRESIDENT: Senator George do you have something to say before adjournment? (No response). The question is adjournment until 9:00 in the morning. All in favor say aye, contrary say nay. We are in adjournment.
